

East Amwell Agricultural Advisory Committee

Mission Statement

The mission of the East Amwell Agricultural Advisory Committee is to promote the economic viability of farming and farm-related activities and businesses within the township.

To report to the Township Committee on the state of agriculture in the township;

To liaise with other Township Committees (FOSPC, Planning Board, etc.) to highlight pertinent information relevant to agriculture in the Township.

To propose policies for consideration by the Township Committee or other Township Committees that in the opinion of the Agricultural Advisory Committee will enhance agricultural opportunities in the Township;

To promote activities or disseminate information in support of agriculture in the township;

To provide a forum for public comment on agricultural activities in the township.
