

January 2018 Road Report

- 1/1 Holiday.
- 1/2 Prepared all of the equipment for the predicted snow on Wednesday night into Thursday. Fueled up all equipment. Changed the snow plow cutting edges as needed.
- 1/3 Checked all of the roads for ice. Set up the Road Grader for the snow by installing tire chains and the V-plow. Made an access hatch for the fire door release mechanisms at the front counter.
- 1/4 Snow. Treated and plowed all the Township roads, parking lots, and the school as needed.
- 1/5 Drifting snow. Plowed and treated all the Township roads as needed. Changed the worn cutting edges on the snow plows. Fueled up all of the trucks and equipment used for the snow.
- 1/6 Checked all of the Township roads for drifting. Cleaned up as necessary.
- 1/8 Washed all the snow plows on the big truck and removed them. Prepared the trucks for the afternoon snow, sleet, and ice. Treated all of the Township roads, school, and parking lots as needed.
- 1/9 Checked all of the Township roads, school, and parking lots for ice. Unloaded all the salt trucks and began washing them.
- 1/10 Continued washing all of the trucks and equipment used in the snow operations. Picked up trash that was dumped along Cider Mill Road. Diagnosed an issue with the hot water pressure washer. Made a temporary repair to the hot water pressure washer and order parts necessary for a permanent repair. Removed all the Christmas decorations from the exterior of the building.
- 1/11 Finished washing the trucks and equipment. Brought the Boom Mower over to the main garage to be cleaned and made some repairs.
- 1/12 Heavy rain. Checked all of the catch basins and pipes to make sure the rain water is flowing off the roads before the freeze overnight. Removed the door from the Boom Mower head and weld all cracks. Reinstalled the door on the mower head.
- 1/15 Holiday.
- 1/16 Checked all roads for fallen debris after a windy weekend. Changed the oil and serviced the 2007 F-250 Utility Truck. Installed all of the snowplows and loaded the trucks for the predicted snow this evening.
- 1/17 Snow. Plowed and treated the roads as needed throughout the Township.
- 1/18 Unloaded all of the trucks. Started washing all of the trucks and equipment used during snow storm.

- 1/19 Finished washing the snow equipment. Cleaned up the Garage for Saturday's Rabies Clinic. Steamed cleaned the garage floor and set up tables and chairs for the Rabies Clinic.
- 1/22 Began trimming all of the trees on Losey Road that drooped in the roadway.
- 1/23 Rain. Checked all of the drains and pipes. Cleaned out the drains as needed. Changed the snow plow edges as needed. Performed general maintenance on the plows.
- 1/24 Cleaned out the driveway pipe at 144 Cider Mill, 33 Welisewitz Roads, and several cross drains using the Rod Runner and other pipe cleaning equipment.
- 1/25 Made sure all the pipes cleaned out on the previous day were still working as they should. Serviced the 2011 F-350 Pick-up Truck and the 2013 F-550 Mason Dump. Began replacing worn shoes on the bottom of the Loader Bucket after one came loose.
- 1/26 Cut off and welded the four new wear plates on the Loader Bucket (big job). Made major repairs to the Chipper Box so we could resume tree trimming.
- 1/29 Continued tree trimming on Losey Road. Prepared all trucks for possible snow on Tuesday.
- 1/30 Light snow. Checked for slippery conditions in the morning. Removed the plows from the big truck due to little or no snow accumulation. Checked the roads for slippery spots in the afternoon before leaving for the day.
- 1/31 Serviced Truck #7, the 928G Wheel Loader, and the Case 110 Tractor.
