

July 2017 Road Report

- 7/3 Excavated the concrete drainage pipe on Iron Horse Drive. Removed the pipe to make repairs and reinstalled the pipe.

- 7/4 Holiday.
- 7/5 Installed a berm and swale from Clawson Park to Iron Horse Drive through a drainage easement.

- 7/6 Seeded and laid straw over the drainage easement. Filled in the low spots behind the berm in Clawson Park. Mowed the grass at Clawson Park. Hauled excess soil left from the rain gardens from Clawson Park to the Grit Yard.
- 7/7 Rained most of the day. Checked the catch basins and inlets. Emptied the trash at Clawson Park. Prepared the Grit Yard for brush grinding.
- 7/10 Finished mowing Clawson Park. Cut the grass at the office building, baseball fields, little park , and at the safe house.
- 7/11 Removed a leaning tree at the intersection of Rocktown Road and Route 31 that was blocking the stop sign. Picked up and chipped branches that fell on Rocktown and Linvale Roads. Cleaned up the excess foundation rocks near the Clawson House so the workers had more room. Weed wacked around the office building, Grit Yard and Clawson Park. Started brush grinding at the Grit Yard.

- 7/12 Finished brush grinding at the Grit Yard. Excavated the drainage pipe on Van Lieu's Road to see why it doesn't work.

- 7/13 Cut the lawn at Clawson Park, office building, baseball fields, little park, and Safe House before the predicted rain for Friday. Hauled out the remainder of excess dirt from Clawson Park to the Grit Yard.
- 7/14 Rained. Checked the inlets and drainage pipes. Emptied the trash at Clawson Park for the weekend. Moved file cabinets to the basement.
- 7/17 Removed the drainage pipe that was installed incorrectly several years ago. Excavated the trench to correct the pitch of the pipe and reinstalled the drainage pipe. Back filled around the pipe with clean stone. Fenced off the area for the night.
- 7/18 Excavated the area on Van Lieu's Road for the new catch basin. Set the form and poured the catch basin floor. Back filled the pipe trench with 1" quarry process. Fenced off the area for the night. Put out signs indicating possible delays on July 20th for more drainage work.
- 7/19 Loaded up all the materials needed for the pipe crossing on July 20th. Loaded up the block, cement, stone, pipe, and catch basin top in preparation for the morning. Repaired the light that went out in the ladies room. Adjusted the volume to the sound system in the Court Room. Cut the lawn at Clawson Park, Safe House, baseball fields, office building, and little park so that we could have July 20th and July 21st free to work on the Van Lieu's Road drainage project.
- 7/20 Excavated the trench and installed the drainage pipe across the road on Van Lieu's. Back filled the area with clean stone and quarry process. Started building the catch basin. Fenced off and secured the area at the end of the day. Responded in for multiple trees down on Snyderstown Road. Put up barricades as per the fire department at Mountain and Stony Brook Roads, Mountain and Linvale Roads and at both ends of Snyderstown Road.

- 7/21 Returned to Snyderstown Road with heavy equipment to move large logs and stumps out of the roadway. Cut back any debris hanging in the roadway to allow the power company equipment access to make repairs. Removed a tree blocking Stony Brook Road. Took down barricades on Mountain Road after the power company finished repairs in that area. Continued inlet work on Van Lieu's Road.

- 7/24 Checked Snyderstown Road to see the status of the power and communication wires. Cleaned up more debris from the storm that hit over the weekend. Continued work on the Van Lieu's catch basin before the rain returned. Cleaned the grates and drains.
- 7/25 Finished building the catch basin on Van Lieu's Road. Back filled around the basin with clean stone.
- 7/26 Mowed the grass at Clawson Park, Safe House, little park, baseball fields, Grit Yard and around the office building.
- 7/27 Paved the drainage project on Van Lieu's Road with 16 tons of I-5. Had a major oil leak on the truck carrying the blacktop. Had the truck towed to the repair shop.

- 7/28 Finished paving the drainage job on Van Lieu's Road. Built a swale leading to the pipe; soil and seeded the area as needed.
- 7/31 Began storm clean up on Snyderstown Road.
